LAP LAMBERT Academic Publishing. Paperback. Book Condition: New. Paperback. 100 pages. Dimensions: 8.7in. x 5.9in. x 0.2in. This book examined student motivation and performance of fifth grade urban students in Mathematics using the lesson study model of action research. A literature review discusses the relationships found between motivation and achievement, motivation and technology, as well as technology and achievement. Interactive web-based activities were observed for motivation and engagement and alterations to the lessons were made according to that documentation. Performance was measured using standardized and teacher-created tests scores. The use of interactive computer games in mathematics lessons was found to have a positive impact on student motivation, engagement and achievement in the content areas examined since student performance on post-tests increased. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.
