This book may be worth purchasing. I am quite late in start reading this one, but better then never. Once you begin to read the book, it is extremely difficult to leave it before concluding.

Brand New Book ***** Print on Demand *****.Excerpt from Expository Discourses on the First Epistle of the Apostle Peter, Vol. 1 of 3 The work now laid before the public is substantially a Commentary, though in a form somewhat peculiar. It is not a continuous comment on words and clauses, nor does it consist of scholia or annotations, nor of lectures in the sense in which that word is ordinarily employed in this country, nor of sermons, either on select passages, or on the successive verses of the sacred book which is its subject. The Epistle is divided into paragraphs, according to the sense - of course varying very considerably in length. Each of these paragraphs, embodying one leading thought, forms the subject of a separate discourse, in which an attempt is made to explain whatever is difficult in the phraseology, and to illustrate the doctrinal or practical principles which it contains; the object being not to discuss, in a general and abstract manner, the subjects which the text may suggest, but to bring clearly out the Apostle's statements, and their design; and to show how the statements are fitted to gain the objects for which they are made. If the Author has been able in any good measure to realize his own idea, grammatical and logical interpretation have been combined; and the Exposition will be found at once exegetical, doctrinal, and practical.
