Francais Oraux Et Ecrits: Etude Pratique de la Grammaire, Formation Et Extension du Vocabulaire, Invention Et Construction de Phrases, Morceaux Choisis, Themes, Redactions Et Lettres, Avec Precis de Grammaire The present Exercises are intended to provide material for the study of the French language in a manner and in a form which, the author believes, will prove especially well adapted to meet the needs of the present aspirations of the teaching body. He, accordingly, feels justified in adding these books to the valuable texts already in existence and hopes that his fellow teachers will find the volumes helpful. The work is composed of complete and independent courses based on the principle of concentric circles. They are to be used in French courses following the first year. 1. Grammar practice. Sixty lessons in each volume contain a large number of sentences each of which is chosen to bring out a definite grammatical point and most of which contain in addition thoughts which in themselves possess an educational value. 2. Vocabulary building. With a view...
