Paperback. Book Condition: New. Paperback. 66 pages. The world of online dating is not limited to the Web sites advertised on TV and the Internet. There is another world, a stranger world, where a surprising number men and women, both young and old, are willing to bare all and do all live and on screen for those who are willing to pay a per minute fee. This is the world my character enters in the hope of revealing his repressed past and learning what his future might be. The novella is about a middle aged married man whose sex life with his wife has been absent for a number of years. Yearning for some sex but not willing to go to bars or pay for some mutual fun and not yet willing to divorce his wife, he decides the Internet is the safe way to go and works up the nerve to see if he can get anyone to pay him to take off his clothes and perform what amounts to an online peep show.
