Barron's Educational Series Inc.,U.S. Paperback. Book Condition: new. BRAND NEW, E-Z Anatomy and Physiology (3rd Revised edition), I. Edward Alcamo, Barbara Krumhardt, The authors of this title present an extensive review of the human body's structural framework and describe how it functions. Each of 23 chapters covers a separate system of the body and includes review questions with answers. The book is filled with charts, diagrams, and instructive line illustrations. New titles are being added to Barron's ongoing "E-Z" project, which entails updating the older, highly popular "Easy Way" books with improved content and handsome new designs. New cover designs reflect the brand-new interior layouts, which feature extensive two-colour treatment, a fresh, modern typeface, and more graphic material than ever. Charts, graphs, diagrams, line illustrations, and where appropriate, amusing cartoons help make learning "E-Z" in a variety of subjects. Barron's "E-Z" books are self-teaching manuals focused to improve students' grades in skill levels that range between senior high school and college-101 standards. In addition to their self-teaching value, these books are also widely used as textbooks or textbook supplements in classroom settings. "E-Z" books review their subjects in detail, using both short quizzes and longer tests to help students gauge their learning progress. The exercises and tests come with answers. Subject heads, key phrases, and graphics are set in a second colour.
